-

This computer based workshop is provided for people who work with or have clients who are blind or significantly vision impaired and who require the JAWS screen reader program to operate a computer at work or in an education setting. The two hour class provides an introduction to the setup and reading features of JAWS, together with commonly used keystrokes.

This workshop provides participants with:

- An overview of the features of the JAWS screen reading program

Topics

- The purpose and functions of the JAWS program
- JAWS general keystrokes
- Basic settings
- JAWS verbosity
- JAWS Help

To secure your place on this course please print and complete the booking and payment form. For further information, phone our Customer Services Officer on (08) 6222 4904.
