-

This half-day intensive course is aimed at staff who help people who are blind or vision impaired in the home environment. We believe that you learn through active participation, so you will experience vision loss as we lead you through a series of events under blindfold. In this way you will be provided with an insight into vision issues in a residential context, and will learn strategies to overcome these difficulties and improve quality of life.

This workshop provides participants with:

- Techniques to help a person with vision impairment to cope with daily tasks in the home
- A demonstration of telephone techniques and ways to tell the time and date
- Strategies for reading and writing
- Tips for showering and grooming
- Techniques for dressing and organising clothing
- Techniques for making hot drinks
- Money management tips
- Ways to use tactile markers to assist in using a variety of equipment
- Techniques for managing medication

Content:

- Presentation
- Demonstration
- Role Play
- Equipment Overview
- Case Studies

It is highly recommended that you undertake this module prior to enrolling in any other.

To secure your place on this course please print and complete the booking and payment form.
