Who We Are and Why We Need Your Help

As the only organisation breeding, raising and training Guide and Assistance Dogs in Western Australia, Guide Dogs WA provides an irreplaceable service to West Australians in need.

But we can't do it alone. It costs more than \$50,000 to train just one of our Guide or Assistance Dogs, and we rely on the support and generosity of our local community to help fund our program.

Every dollar raised from community fundraising helps bring another puppy through our program and into the lives of someone in need.

How We Can Help

Don't forget, we are always here to lend a paw!

Once we have received your fundraising request, we will send you a letter of approval.

Once we have approved your fundraising, we can provide advice and assistance for your event, from marketing materials to ongoing support. We can also set up a QR code for digital donations upon request.

We might also be able to arrange an Ambassador Dog to come and visit during your event, depending on availability (and at least 4 weeks' notice).
